will eat it*

*If you sow it, the cats
won't know it'*

Williamsburg
Mass.

Tel. CO 8-4371

INFORMATION FOR OUR CUSTOMERS

Williamsburg is situated eight miles from Northampton on the Berkshire Trail, Route 9. Our town is composed of two villages, the first one reached from Northampton is Haydenville. Drive on to the next one, Williamsburg. Turn right off Route 9 at the stone Meekins Library, cross the cement bridge, turn immediately left and proceed to the top of Village Hill.

We aim to furnish only healthy, vigorous plants correctly named to the best of our knowledge. We can not assume responsibility for damage to plants in transit or for customers' subsequent failures with plants due to weather, adverse soil conditions or improper handling. We gladly rectify mistakes for which we are responsible, if errors are reported within 10 days of receipt of plants.

We do a strictly retail cash business and bills are due when presented.

If you wish your order sent, we strongly urge special delivery Parcel Post for city dwellers; special handling for rural routes. We do not pay postage and there is a small charge for packing.

No orders shipped for less than \$1.00.

GREETINGS IN 1956!

Gardeners were not loath to see the last of 1955 with its unpredictable weather tantrums. No section of the country escaped, hence no one can claim to live in Paradise. We sincerely hope 1956 will be more cooperative and we look forward to this new gardening year with enthusiastic anticipation.

We hope our old friends and many new ones will come to enjoy the opening of spring on Village Hill as Adonis, Snowflakes, the many varieties of Narcissus and the wild flowers appear. Come often to enjoy the changing picture.

Our 1956 Herb List enters a few new comers for the garden and you will find some name changes in such groups as *Lanandulas*, *Nepetas*, Scented-leaved *Pelargoniums*. We wish, as much as you, that scientific names would "stay put," but these changes indicate advance in knowledge and also emphasize that botany is no dead, static subject, but a growing, expanding study. We have based our changes on articles appearing in *Baileya*, articles which are the forerunners of a new edition of *Hortus*.

Let us emphasize that the degree of hardiness indicated for plants is based on their behavior HERE — and we are rugged as to weather! Many tender items may thrive for you who live further south.

Happy hours in your Garden!

PLANTS USED AS HERBS

TV—Tender vine
A—Annual
B—biennial
P—perennial

HP—Hardy perennial
HHP—Need protection
HBb—Hardy bulb
Sh—shrub

TP—Tender perennial

Achillea	ageratifolia	aizoon—Aizoon Yarrow	10"	HP	
"	filipendulina	Fern-leaf Yarrow	4-5'	HP

---------------------------------	----	----	-----

Rain on your Herbs and Flowers that truly serve,
And let your weeds lack dew and duly sterve.
